

MAYS CHAPEL ELEMENTARY

Virtual Learning Plan 2025-2026

MSDE approved BCPS's plan to use the first 3 snow days of this school year as traditional snow day closures. After 3 traditional snow days, an inclement weather closure will result in the transition to virtual learning. Our instructional day will begin on a 2-hour delay, starting at 11:05 a.m.

Grades PreK-2

Students in grades PreK-2 were sent home with instructional resources to continue learning at home. Additional instructional resources will be posted in Schoology for students to access if we transition to virtual learning.

UPDATE: Teachers in grades PreK-2 will also be available through Google Meet, providing online, live (synchronous instruction) following the attached teaching and learning schedule *if families have access to a device to log in at home*. If you do not have a device at home to join, please work on the instructional resources that were sent home with your child. Please reach out to your child's teacher through email or Talking Points if you have any questions.

Grades 3-5

Students in grades 3-5 will follow the attached teaching and learning schedules. Instruction will be provided through online, live (synchronous instruction) with their teacher(s) by using Google Meet. They will also engage in learning on their own (asynchronous instruction) by completing assigned tasks, including independent practice, Amira (grade 3), Freckle, and other learning activities assigned by the teacher through Schoology and Digital Content Tools.

Google Meet

For students to access live instruction each day, they will need to join Google Meet with their teacher(s) at the scheduled times for each subject area, as listed on the included grade level specific schedule.

Students must be signed into Google with their BCPS credentials in order to access the live instruction. To join a Google Meet classroom, students will go to <https://meet.google.com/>, click "Join a Meeting", and then enter their teacher's "nickname". Mays Chapel Google Meet nicknames will align to the teacher's last name and mce. Students logged into their BCPS Chromebook can also access Google Meet by selecting BCPS Links in the left corner of their device and clicking Google Meet. Directions to support logging in to Google Meet and Google Meet features can be found on the Inclement Weather tab on the [Mays Chapel website](#).

Your child(ren)'s Google Meet nickname to join each day can be found on their teacher's Schoology page.

Schoology

Learning tasks will be in Schoology for all grades. Paper assignments will be sent home for students in grades PreK-2. Students who are logged into their BCPS Chromebook can log in to Schoology by selecting BCPS Links in the left corner of their device and clicking Schoology, which is how they log in at school. Students can also log in to Schoology through <https://bcps.schoology.com> using their BCPS log in with their username and password.

Student Devices and Internet Access

Students in grades 3-5 will take BCPS-issued devices home in the event of an inclement weather event. As a reminder, students are responsible for the care of their device. Any damage to the device will be the responsibility of the student's family. See the attached document regarding device care in [English](#) and [Spanish](#).

If your child(ren) will not have internet access available at home, we encourage you to explore additional supports including [low and no-cost internet service as well as Baltimore County free Wi-Fi locations](#).

We look forward to minimizing the instructional impact from inclement weather days. If you have any questions, please feel free to reach out to a member of the administrative team or to your child's teacher through email or Talking Points. Be sure to follow BCPS on social media for the latest weather updates.

All the best,

Jen Noll, Principal jnoll@bcps.org

Donna Buppert, Assistant Principal dbuppert@bcps.org

Mays Chapel Virtual Learning Schedule

Pre-K	
*Your child's teacher will communicate additional details about the schedule.	
9:05-11:05	Teacher Preparation and Planning Students will not log on until 11:05
